<p>How do you intend to use it (as a job board or/and ATS all in one)?</p> <p>Will you only be collecting applications through this system, or do you need the option to import candidate data from another source?</p>	
<p>Is the development team flexible and how well can you customise the platform? Think of all the essentials you might need.</p>	
<p>Is the platform mobile-friendly?</p>	
<p>How easy is the setup (timewise, materials needed – dimensions of the logo, banner, high-res imagery/videos)?</p> <ul style="list-style-type: none"> • What is the actual support provided? • Is there support on platform use/setting up for the event provided? • Will you have live support during the event? What does that usually look like? Is there any extra charge for support on the day? Is it real-time or with a delay? 	
<p>Does the platform allow for scheduling? Is it included in the price or is it an add-on? Is there any support for integrating with other software if needed?</p>	
<p>Does the company offer a trial/free profile to test?</p>	
<p>Think of the type of reporting you will need and if the platform will be able to provide it.</p> <ul style="list-style-type: none"> • How will you store all the data and ensure you are GDPR compliant? • How well can you integrate it with systems you're currently using to manage applications? 	
<p>Does the platform allow you to instantly send offer letters/track acceptance, etc.?</p>
